

| LIST OF THE SUBJECTS | UNIVERSITY GRADUATE STUDY PROGRAMME OF CIVIL ENGINEERING -Master programme | | | |
|--|--|----------|----------|----------|
| | 1st WS | 2nd SS | 3rd WS | 4th SS |
| Mathematics 3/ Stochastic Processes | 7.5 ECTS | | | |
| Construction Management 2 | 6 ECTS | | | |
| Theory and Technology of Concrete | 6 ECTS | | | |
| Nonlinear Analysis of Rod Structures | 4,5 ECTS | | | |
| Prestressed Concrete Structures | 6 ECTS | | | |
| Management in Civil Engineering | | 4,5 ECTS | | |
| Durability of Structural Materials | | 6 ECTS | | |
| Design of Contemporary Timber Structures | | 6 ECTS | | |
| Durability of Structures I | | 6 ECTS | | |
| Construction Project Management | | 9 ECTS | | |
| Investment Appraisals in Construction | | | 6 ECTS | |
| Technology of Repair and Strengthening | | | 6 ECTS | |
| Fire Protection | | | 6 ECTS | |
| Finite Element Method | | | 4.5 ECTS | |
| Durability of Structures II | | | 6 ECTS | |
| Planning and Scheduling Methods | | | 6 ECTS | |
| Sociology of Organization | | | | 4.5 ECTS |
| Waves and Vibrations / Numerical Mathematics | | | | 6 ECTS |
